

Come see Mr. Peepers, new art & holiday gifts!

Loving the cold wax & Paint

Having fun making art in cold wax and oil paint. It feels intuitive and gestural.

Holiday Gifts

A bit of joy can be found in ornaments, books, lavender sachets & sweet smelling soaps.

### Seed Dispersal

There are so many birds, insects and rabbits visiting my garden. Jack in the Pulpit fruit was dinner for someone. I love the cycle of life on display in my wild garden and field.

The Seasonal changes in the Sugarloaf countryside are inspiring, come for a visit. Check out my new website [www.tinathiemebrown.com](http://www.tinathiemebrown.com)

You are receiving this email because you expressed interest in my art, studio or at a workshop.
